

Greetings Seton Families!

The Playground Committee is undertaking the rehabilitation of the playground playhouses. They are a very popular aspect of our school campus, but time and wear have made it necessary to repair some of the boards and roofs.

Three volunteers have stepped forward to perform the labor—two are fathers of current students, and one is a Seton alum! We have compiled a list of materials we believe are needed to complete this job, along with cost (Home Depot pricing).

- 5 pieces clapboard siding, 16ft long x 3 ¾ "wide x ¾ " thick
10 pack of siding.....\$28.32
 - 2 pieces 16ft long x 4"wide x ¾ " thick lumber
\$20.67 per board.....\$41.34
 - 1 piece 12ft long x 6"wide x ¾ " thick lumber.....\$14.47
 - 1 sheet 4ft x 8ft x ¾ " thick plywood.....\$32.48
 - 7 bundles asphalt shingles, charcoal, regular coverage
\$32.00 per bundle.....\$224.00
 - 1 bundle ridge cap asphalt shingles.....\$49.95
 - 5 lb ¾" hand drive roofing nails
\$2.98 per 1 lb box.....\$14.90
- TOTAL.....\$405.46

*If anyone knows of a cheaper means for acquiring these items please contact Brooke Coyne (585) 645-9686.

A small donation from you can help us accomplish this goal and will go directly towards the purchase of the items listed above. Any additional funds we are so fortunate to receive will go into the Playground Fund, to be used for future maintenance/improvement efforts.

If you are so kind as to make a donation out to "**Seton**", please drop it off in the main office, within the next TWO WEEKS, as we hope to get started on this project soon. Playhouses Attn: Brooke Coyne

Thank you so much for considering this request, as we know that many of our children really enjoy these houses, or have so in the past.

Kindest Regards,
Brooke Coyne
